### **Studio Registration Kit Information**

**Registration Kits** - New this year, all studios will receive their registration kits in the mail pre-event. All kits will be delivered by the Wednesday before the event. Your kit will include scholarship numbers, wristbands, your teacher handbook, and a complimentary program. If you have any changes that need to be made please send a detailed list of these to our admin team by 10am on the Thursday before your city and we will have them ready for you at our registration desk for a swift pick up process. We are asking all studios to distribute wristbands and scholarship numbers to their dancers before coming to the venue, which will significantly help with social distancing standards at venues. Venues are prohibiting large gatherings in all pre-function space.

**Program** - You will receive a complimentary competition program in your packet in the mail. Additional programs are for sale at the Merchandise Booth.

**Wristbands** - Your packet sent to your studio includes all of your pre-registered attendees wristbands. All wristbands must be secured on the wrist with only a finger space between the wristband and the wrist. Loose wristbands may be cut off by door guards. Wristbands must be kept on for both days of the convention. No one will be allowed into classrooms without a wristband. Additional wristbands may be available for sale at Registration, depending on availability. Please contact us prior to confirm availability in ballrooms.

**Wristband Level Changes** - Level changes can only be made if there is availability in the room. Due to Covid-19, we have significantly lowered the number of dancers in each room. Please contact the home office for availability in rooms. If the space is available on site, all changes must be done at registration with a registered teacher from your studio.

**Scholarship Numbers** - Your packet sent to your studio includes scholarship numbers for all of your pre-registered attendees (excluding teachers). There are two copies of this scholarship within your packet. The second copy is not for Sunday, but a back up for if the attendee loses their first copy. DanceMakers will *not* be reprinting any scholarship numbers onsite. The scholarship number should be pinned on their clothing so that the number is visible. All scholarships are picked throughout the weekend by our faculty members in all age levels. Remember, the number *must* be visible to our faculty to be eligible.

**Observers** - Classrooms will be limited to registered dancers and teachers only. No observers will be allowed in the convention ballrooms in order to limit the amount of people in each room. The exception to this will be our Camp Dance classroom. You will receive 1 Camp Dance Observer Band per registered Camp Dance dancer in your studio registration kit. We ask that each studio only have one observer in this room, but understand with this age group if that is not possible.

**Waiver** - All registered attendees are required to sign our waiver prior to attending. Please see our waiver on our website!

### **Convention and Competition Information**

**Temperature Checks** - DanceMakers will now have industry forward thermal temperature scanners at each ballroom door for additional safety measures. All attendees will be required to have their temperature taken at the door before entering the ballrooms for convention and competition. Once you have been cleared you will receive a wristband that is good for admittance for that day only. This band will gain you access to all DanceMakers activities along with your designated wristband.

**Mask Regulations for Baton Rouge** - These mask regulations have been put in place based off the local mandates surrounding masks. All attendees are required to wear a mask, including public spaces such as pre-function space, convention classrooms, and competition setting. For convention, dancers must wear masks while participating in convention. For competition, dancers will not be required to wear masks while they are performing. Masks must be worn at all other times of competition! If your dancers choose to wear masks while performing there will be no point deductions. All of the DanceMakers staff, crew and faculty will be wearing masks as a preventative measure.

**Social Distancing Standards for Dancing in Convention** - DanceMakers has secured the appropriate amount of ballroom space to allow all dancers to keep a minimum of 6' apart.

**If you feel sick, stay home!** We will be performing symptom checks on site for our event, but be proactive on knowing your body and if you have any symptoms of Covid-19. If you have had these symptoms in the past 14 days please stay home!

**Observers** - Classrooms will be limited to registered dancers and teachers only. No observers will be allowed in the convention ballrooms in order to limit the amount of people in each room. The exception to this will be our Camp Dance classroom.

**Water Stations** - Classroom water stations will not be provided due to safety protocols. Please come prepared.

**Convention Times and Breaks** - All dancers will report directly to their classrooms on Saturday and Sunday morning. DanceMakers has staggered the start and end times for convention as well as the lunches to assist with the flow of people.

**Photography/Video for Competition** - Photography and videography during competition are strictly prohibited. Advanced technology of video on cell phones, cameras, etc has forced us to prohibit all camera use. This includes ALL still photography, with or without flash. This is to protect the rights of the choreographer as well as your children's safety. Any violations can result in routine and/or studio being disqualified.

**Competition Music** - We ask that all competition music is uploaded to support our contactless check in. Please log into your DanceMakers registration account to upload music by clicking "Music Manager" feature for your event. MP3 or MP4 files are accepted. Once uploaded you can preview all music! If you need assistance, please contact our admin team prior to your event to assist.

**Props** - Prop storage is limited this season. It is preferred that props are brought backstage with the dancers before their performance. If prop storage is needed please contract registration for assistance. The use of props is the sole responsibility of the studio. Props must be placed and removed from the stage within 2 minutes combined by the studio. Violation of this rule will result in a 5 point reduction. This time limit includes clean up or sweeping time including confetti/glitter/feathers etc. Stage must be left clean by performers. No studio logos are allowed while on stage helping with props. Any obvious studio affiliation will result in a 5 point reduction. Teachers, parents, or students may assist with props. No props or costume pieces to be thrown into judges area. DanceMakers cannot guarantee props over 8'h will fit on the stage.

**Live Stream** - DanceMakers will now be offering LIVE Streaming for all competition and all award ceremonies. Check it out on our DM Dashboard!

**Competition Seating** - All seating for competition will be based on current CDC and local guidelines in your city. Observers for competition will be limited based on the square footage of the ballroom. We ask that you help us by limiting observers and watching your dancers only. Please remember to check out our Live Stream on DM Dashboard in the virtual Showroom under Competition!

**Backstage** - We will be limiting backstage to dancers only. We will also be limiting the number of routines staged backstage to comply with social distancing.

### **Capacity Regulations**

Due to Covid-19, there are strict capacity mandates for all ballrooms that are required in order for our event to be held. Please be respectful of all attendees and limit the number of family members and extended family members brought to our DanceMakers event. If at all possible please limit this to two family members per dancer. Please exit the ballroom immediately following your dancer's performance and/or when your dancers convention classes have started.

For the Showroom, if capacity is met we will be required to stop competition and clear the Showroom in order to allow the correct dance families to enter the Showroom to view their dancer's performance. Please be respectful and do not watch competition if your dancer is not performing!

All convention ballrooms have a capacity as well and our registration for these rooms reflect those limits.

DanceMakers convention and competition schedule has been shifted in order to make all of these mandates possible. If everyone abides by this concept there should be no problem for all families to see their dancers perform as our registrations reflect these limitations. The only aspect DanceMakers cannot control is how many family members attend outside of the actual dancer! Please do your part in allowing everyone to participate in our event!

We appreciate your patience and understanding during this uncertain time. DanceMakers is doing everything that we can in order to offer our event to your dancers and your support and corporation means more than you know.

### **Dressing Room**

**Girl's Dressing Rooms for Solo Competition** - DanceMakers will be providing one large girl's dressing room available for everyone's use. Please be respectful and limit the amount of people in the dressing room. There is more than enough space for everyone but we must be respectful of the venue's capacities.

**Girl's Dressing Rooms for Group Competition** - Each studio that is registered for Group Competition will be assigned a girl's dressing room for the day of competition that they are competing (Friday or Saturday). These locations are assigned by the DanceMakers staff and will be released the week of the event via email to the studio owners directly. All doors to these rooms will be marked with the studio name for your convenience. Decisions on these locations are based off of the number of dancers registered and square footage. These rooms will be available starting at 4:30 pm on Friday and 2:30 pm on Saturday. We ask that you limit the "spectators" in the dressing room.
